# MOTORCYCLE BASIC RIDER COURSE

New DMV-approved  
curriculum

## Class Description:

The primary goal of the Basic Rider course is to introduce the fundamentals of safe, responsible motorcycling. This includes the knowledge and skills that lead to licensing and motorcycle operation on streets and highways. Upon successful course completion, a certificate is awarded for submission to the Virginia DMV, which waives all DMV Motorcycle License testing requirements.

Helmets are provided, but participants may bring their own helmet if preferred. Participant provided helmets must be DOT compliant (3/4 or full face construction).

## Please be certain to bring with you to class:

- Eye protection;
- Long-sleeve shirt or jacket;
- Long, non-flare pants made of denim (no holes or tears) or equivalent or more durable material;
- Sturdy over-the-ankle boots; and
- Full-finger gloves, preferably leather.

Most classes run on weekends. Please visit [vpcc.augusoft.net](http://vpcc.augusoft.net) and search for Motorcycle Rider for specific class schedule.

\$245

Due to safety concerns, participants who arrive in any inappropriate clothing for motorcycle riding will not be permitted to take part in field training.
